

31st Street Green Street Demonstration Project

Project Goals

- 1. Create a pleasant pedestrian corridor
- 2. Raise awareness about how trees can save water during drought

Partners

- CA Department of Water Resource Urban Drought Mitigation Program
- City of Oakland Public Works Department
- West Oakland Project Area Committee
- UC Davis Department of Land and Water

Contact Urban Releaf

Address: 835 57th Street
 Oakland, CA 94608

Executive Director: Kemba Shakur
 Project Manager: Jane Wardani

trees
 clean+
 save
 water

- Provide shade and beautify the neighborhood
- Increase property values
- Improve your health
- Slow down traffic
- Create habitat for birds

As rain falls, trees capture water so the dirt on the streets don't go into the Bay.

Save on water and energy bills
